Subject: Families in Dimock Cannot Wait Any Longer

Dear Lisa Jackson,

Please make good on the promise that you made to the families in Dimock, PA and step in to ensure that families are provided with safe water in their homes.

The state of Pennsylvania has failed to protect its citizens, so it is the responsibility of the federal government to step in and hold Cabot Oil & Gas responsible for what it has done.

Families in Dimock, PA cannot wait any longer for your agency's deliberation. The EPA has told families that they should not use their well water based on the test results that show the contamination in the drinking water. What are the families to do?

Please act today to ensure that the families in Dimock, PA are provided with safe water.

Sincerely,

Ex. 6 - Personal Privacy
